Unemployment and the Politician

One afternoon a politician was riding in his limousine when he saw two men along the road side eating grass.

Disturbed, he ordered his driver to stop and he got out to investigate. He asked one man, "Why are you eating grass?"

"We don't have any money for food," the poor man replied. "Times are really bad, we're unemployed and this is we have to eat."

Well, then, you can come with me to my house and I'll feed you," said the politician.

"But sir, I have a wife and two children with me. They are over there, under that tree."

"Bring them along," said the politician.

Turning to the other poor man he stated, "You come with us, also."

The second man, in a pitiful voice

"Bring them all, as well," was the answer.

They all entered the large limo and once under way, one of the poor fellows turned to the politician and said, "Sir, you are too kind."

"Thank you for taking all of us with you.

Seeking Instant Nirvana is a regular feature of the *Sin City Chamber's Vision Newsletter*. Those of us who have been fortunate to meet Jinendra during his visits to Las Vegas have come to appreciate his humor, insight and wisdom. To our delight, Jinendra, the Messenger of Sustainable Happiness, has coined an acronym for **SIN** as **Seeking Instant Nirvana**. Therefore, S.I.N City is a place where visitors and residents alike can choose to enjoy whatever it is that Las Vegas has to offer. Jinendra believes we are all "Seekers" in this life. All of us are trying to find that which gives us the most pleasure and happiness, which, of course, is different for everyone. The following is offered for your enjoyment.

Jinendra's Recent Letter to Sin City Chamber Members

Hello Friends

On 10-10-10 I will start a 13 month long, 10,000 Mile Marathon-Walk) across the USA. The walk is called "13Moon Walk 4 Peace". We will start our walk from Atlanta, connecting with grassroots organizations and communities along the way.

Our mission is to bring tools, training and messages of Hope- Peace-Healing-Happiness to all whom we meet on our walk, through personal interactions, workshops, town-hall meetings, gatherings at churches, parks, back-yard, and homes. It's our way to bring "Voice to the Voiceless and Visibility to the Invisible". Many interesting activities are planned around our walk in most of the 42 cities we cross on our walk. .

- 1. Establishing a Peace-Healing-Happiness Zone.*
- 2. Erecting a Pole that symbolizes Peace-Healing-Happiness in these Zones.*
- 3. Educational and experiential workshops on Peace-Healing-Happiness, aligning with a local college or university, high school, religious center or community based organization. We plan to conduct Peace-Healing-Happiness Education one-day Workshops Series and Speaking Engagements.*
- 4. Peace-Healing-Happiness Festival – A touring sound company, Om Sound, complete with stage, sound and lighting., will offer communities an opportunity to highlight local talent of all ages to perform at the concert with local and national speakers on an afternoon while we are in the community.*
- 5. Through the Eye of a Youth – Community Youths will work with a professional producer, to document the walk through their community, the various processes of engagement that occur, the ceremonies and gatherings, and the dialogues with a "Grandmother" of their community. Two things will be done with the footage: (1)*
